

Global Dry Toilet Club of Finland

Indoor dry toilet demonstration sites

From backyard to indoors

Goal of the project

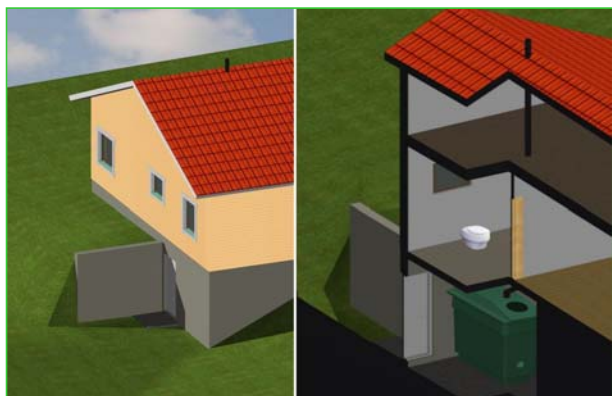

To answer the question: "Could I talk to somebody who owns a house with an indoor dry toilet?"

To generate information about the planning, installation and use of indoor dry toilets.

Come and see the demonstration sites!!

Seminar in March 2007

More information
projektit@huussi.net

10 demonstration sites

- All in Tampere Region
- All in private homes
- All in use around the year
- Different family sizes
- Different dry toilet technologies
- Different kind of houses

Complete report on the experiences will be published online by Jan. 2007.
